

Data Exploration Licence

This Licence:

-  Is **free of charge**.
-  Is for **12 months** and will renew automatically on the same terms every **12 months** unless either of us chooses to end it, unless the OS Data contains Third Party Data (see below).
-  Is for **3 months only** where the OS Data contains Third Party Data. 'Third Party Data' includes, but is not limited to, AddressBase®, AddressBase® Plus, AddressBase® Premium, Code-Point®, Code-Point® with Polygons and Points of Interest.
-  Includes both this page and the small print below. Please read all of me before downloading any OS Data so that you understand me. 'OS Data' means any Ordnance Survey datasets that you have access to (including the Third Party Data referred to above).
-  Is only available to registered members of the Geovation Hub.
-  Permits you to only do the things listed below:

	Evaluate OS Data to see if what we're offering is what you need.
	Use OS Data to research and develop your ideas and propositions whether or not you eventually want to turn them into commercial products or services, for example to identify potential benefits and/or commercial opportunities for your business or to help build your business case for licensing one or more of our datasets.
	Publish small extracts of OS Data to promote your use of OS Data in articles and at events that intend to share or widen knowledge (such as academic papers, trade journals or industry conferences).
	Display OS Data or create working prototypes using OS Data to demonstrate and promote how your ideas or propositions for using our data would work, which is ideal if you're talking to potential customers, agents, investors or other financial backers. You can also provide prototypes for a short time to any of these people if it helps them to make a better assessment of your idea or proposition.

In return, we ask you to:

	Use the correct OS Data and Third Party Data acknowledgements set out in our style guide at the following link: http://www.os.co.uk/docs/support/ordnance-survey-style-guide-for-third-parties.pdf Please note that this does not mean you can use OS branding or anything that can be confused with it.
	Any prototypes that you are permitted to provide to potential customers, agents, investors or other financial backers for assessment should be returned to you or destroyed immediately after the assessment.
	Take sensible measures to make sure all OS Data supplied to you is secure from any unauthorised use or access.

Under this Licence you are not permitted to do the following:

	Make OS Data or any products or services incorporating OS Data available commercially. Tell us if you wish to offer a commercial product or service using OS Data so that you and we can discuss how we can enable you to do so.
